

# NWS State College Radar Outage

## When?

July 31st through August 14th

## Why?

KCCX will be undergoing the last phase of the Service Life Extension Program (SLEP) for WSR-88D Radars. This will ensure KCCX will operate reliably into the 2030s!

## What Happens?

During this upgrade, technicians will refurbish and replace the pedestal, which helps control the radar dish so that it can capture data in all directions.

### KCCX Downtime Sources of Radar:

KCLE (Cleveland)

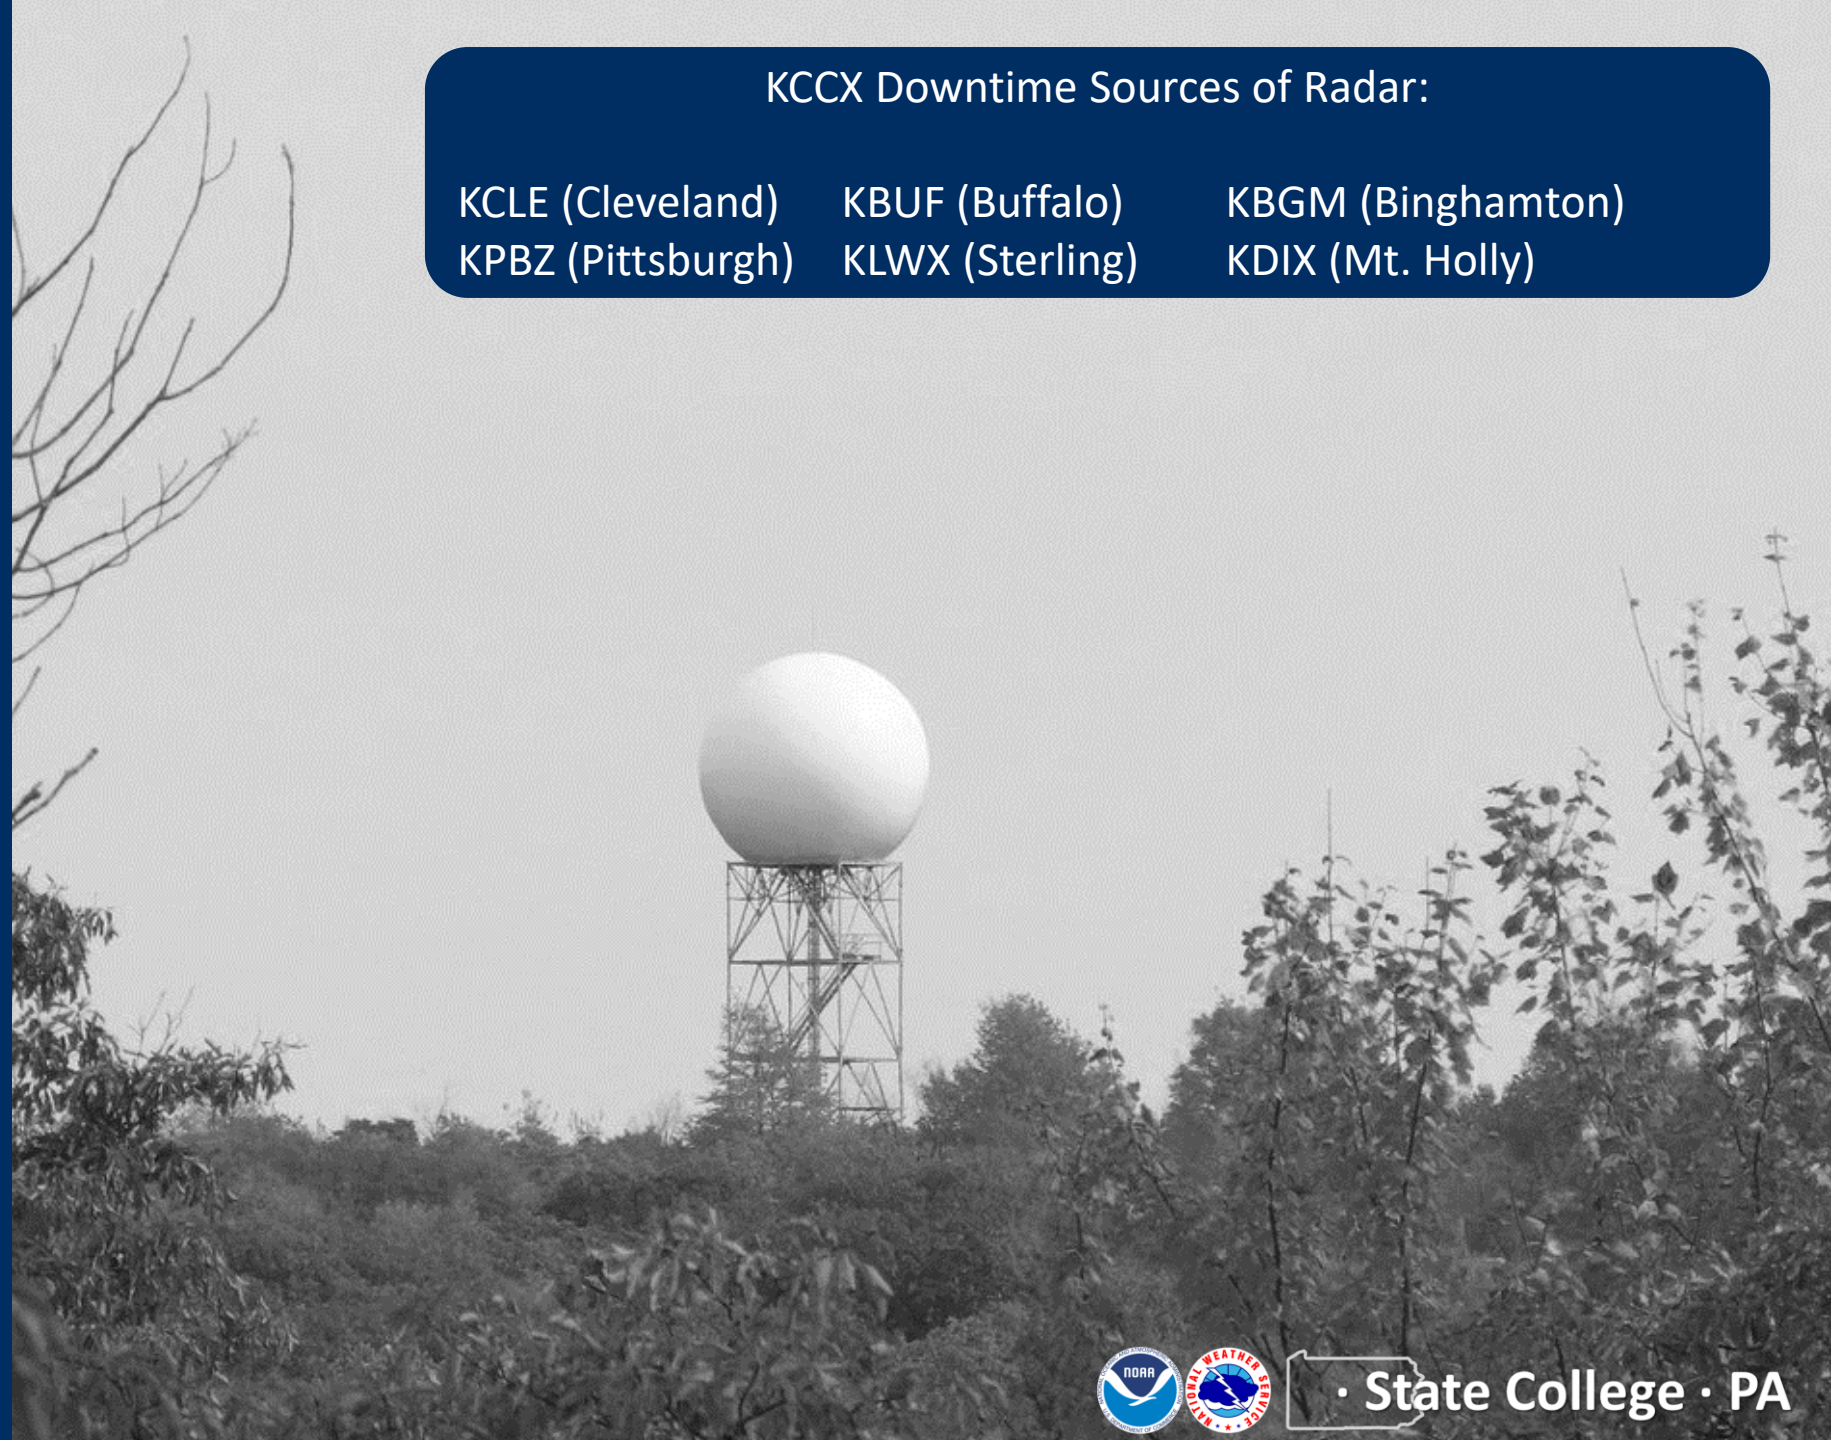

KBUF (Buffalo)

KBGM (Binghamton)

KPBZ (Pittsburgh)

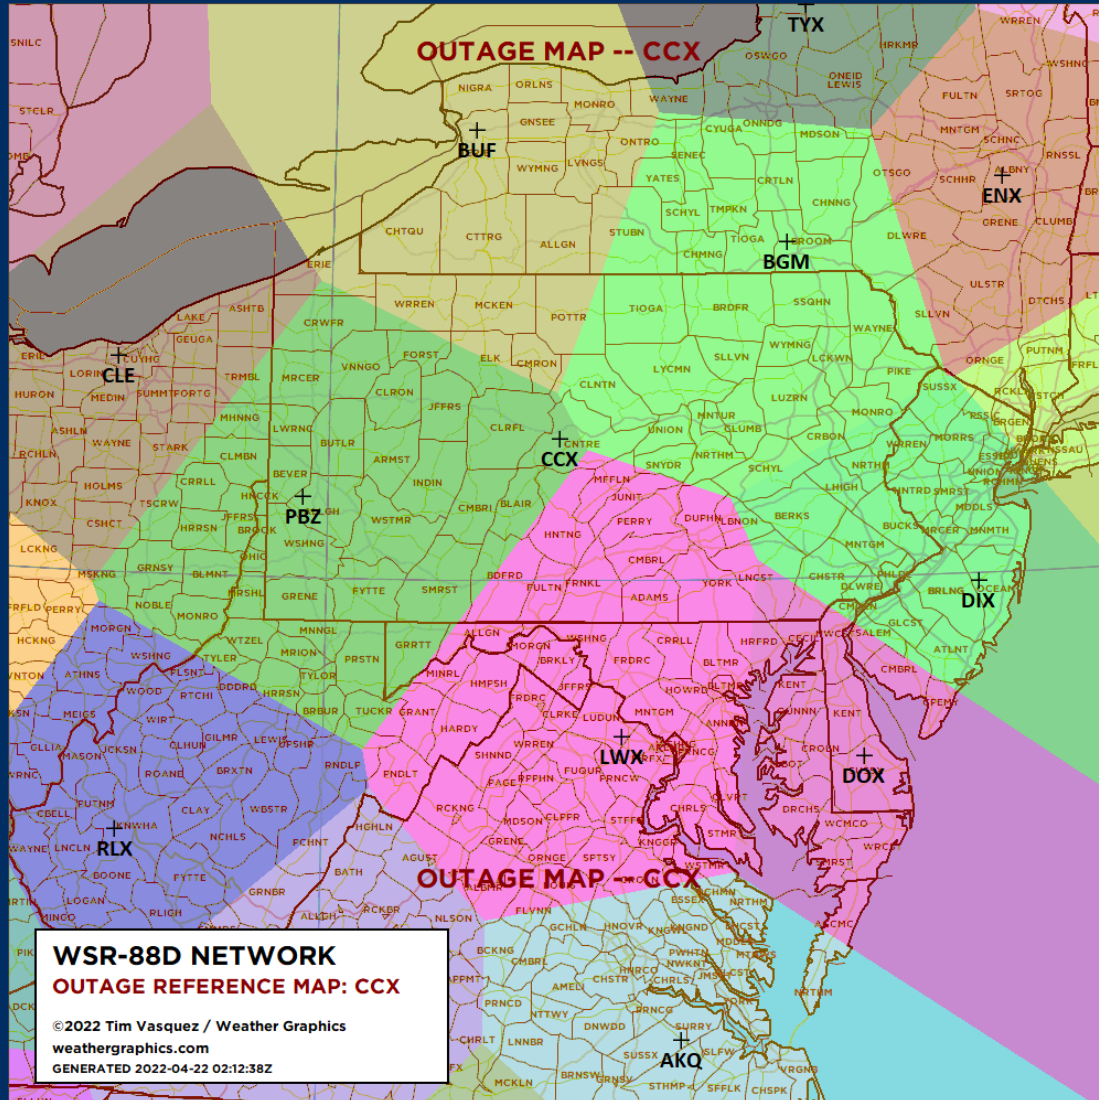

KLWX (Sterling)

KDIX (Mt. Holly)

· State College · PA
